

## Change of authorship request form (pre-acceptance)

### **Important information. Please read.**

Authors should use this form to request any change in authorship (adding/deleting authors), including changes in corresponding authors. This form should not be used for name changes. Please fully complete all sections. Use black ink and block capitals and provide each author's full name with the given name first, followed by the family name.

By signing this declaration, all authors guarantee that the order of the authors is by their scientific contribution, if applicable, as different conventions apply per discipline, and that only authors who made a meaningful contribution to the work have been added.

Please note, in author collaborations where there is a formal agreement for representing the collaboration; it is sufficient for the representative or legal guarantor (usually the corresponding author) to complete and sign the Authorship Change Form on behalf of all authors next to the added/removed author(s). (Complete Section 3, followed by Section 6.)

In author collaborations where there is no formal agreement for representing the collaboration, and there are more than ten authors, one may sign for all, provided the signer appends correspondence that attests that each of the authors has agreed to the change and the added/removed authors sign the form. (Complete Section 3, followed by Section 6.)

Please note that we cannot investigate or mediate any authorship disputes. If you cannot obtain agreement from all authors (including those you wish to be removed), you must refer the matter to your institution(s) for investigation. Please let us know if you need to do this.

If you cannot return a fully completed form within 30 days of the date it was sent to the author requesting the change, we may have to withdraw your manuscript. We can only publish manuscripts where authorship has been agreed upon by all authors (including those removed).

Only complete forms will be accepted.

Please return/upload this fully completed form to the Journal's Editorial Office. The Journal and Publisher will consider the information you have provided to decide whether to approve the proposed change in authorship. We may choose to contact your institution for more information or undertake a further investigation, if appropriate, before making a final decision.
